Mr. Womble:

Thank you for a job well done! The 5-story office building for J.B. Hunt looks fantastic. Your continuous service of the Client, respect for the Design Team, attention to detail, and high standard for quality, should be awarded. It was a pleasure working with you and the rest of the ACE Glass team. Everyone on your staff was highly professional, safety conscious, and driven to produce the best finish product possible.

I hope that we continue to team up on future projects.

Sincerely,

Greg Walker, AIA
